(b) to (e) A statement about incidents of rape of minor girls and women reported during the period 1990-1992 in various States and UTs is attached.

Registration, detection, investigation and prevention of crimes including the crime of rape of minior girls and women is primarily the responsibility of the State Governments/Union Territory Administrations. They take appropriate action when such incidents are reported.

However, the Government of India have issued guidelines from time to time regarding checking atrocities against women. Increasing consciousness among women of their rights and tightening of the legal regime for punishment of crimes against women will help in dealing with the problem. Likewise, the efforts of the Government for spread of literacy among women and their economic amelioration will have a salutory efeect in checking crimes against women including the crime of rape.
